"Sarah Birnbach embraces a custom that has been for so long the province of men. As we see on these pages, she—and we, her readers—are the richer for it. And we can only imagine that her father is smiling down on her with joy." —**Ari L. Goldman, author of *Living a Year of Kaddish***

"A compelling story of faith, family, and remembrance." —**BookRiot**

"Readers will appreciate Birnbach's candor and insight into the gender dynamics of Judaism. This soulful outing has plenty of heart." —**Publishers Weekly**

A Daughter's Kaddish (Wonderwell; September 2022) recounts Sarah Birnbach's year-long odyssey to persevere through an unfamiliar world of Jewish prayer. To honor her beloved father, Sarah commits to reciting the Mourner's Kaddish twice a day in synagogue for eleven months—a Jewish mourning ritual that was historically reserved for sons—despite her father's initial request that she hire someone male to do so. A novice worshipper and single working mother, Sarah's obstacles were many—including objections to her prayer practice because of her gender, her own daughter's near-fatal car accident, an incident that tore her synagogue apart, and her mother's dismissiveness.

Sarah incorporates these religious and spiritual practices into her already hectic 21st-century life while struggling with the heavy emotional distress of grief. As she travels the country for work, Sarah must find a synagogue where she can pray in each city and town she visits, a challenge that brings many surprises—and upsets. Throughout her year of devotion, Sarah takes comfort in the loving memories of her childhood while at the same time grappling with some very painful ones—ultimately discovering how the path of faith and grief can lead to true healing.

A Daughter's Kaddish addresses the universal experience of grief, will resonate with the Jewish community, and will appeal to feminists.
